

TT1535G

Cylinder Power Brush

Numatic

Designed to be compact, easy to operate and exceptionally manoeuvrable when in use, whilst the oversized transit wheels allow easy movement to and from any specific locations.

The cylinder power brush ensures deep cleaning performance, whilst the twin water pick-up nozzles allow multi-directional operation which is vitally important when cleaning narrow walkways often found in shops and food stores. You can walk in forwards and reverse out without turning and without loss of scrubbing and drying performance.

Powerful Cleaning Results

Cylinder Power Brush ensures deep, powerful cleaning results.

User Comfort

Easy to use operator controls and multi-directional operation.

Unrivalled Performance

Walk forwards and reverse without loss of performance.
